Presentation

Design Contributions for the COVID-19 Global Emergency (Part 1): Empirical Approaches and First Solutions

Emilio Rossi, Massimo Di Nicolantonio, Fabrizio Ceschin, Giuseppe Mincolelli, Aguinaldo dos Santos, Cindy Kohtala, Edu Jacques, Carla Cipolla, Ezio Manzini

294-311

PDF

— Reviews and maps design responses and citizens' needs —

Design Research-in-the-Moment: Eliciting Evolutive Traces during the Covid-19 Crisis

Paul Anthony Rodgers, Fernando Galdon, Craig Bremner

312-326

Contemporary Design in Quarantine: a Critical Review of Design Responses to Covid-19 Crisis

Iana Uliana Perez, Lucas Furio Melara, José Carlos Magro Júnior, Mônica Moura

327-341

Citizen data-driven design for pandemic monitoring

Raquel Corrêa Cordeiro, Claudia Mont'Alvão, Manuela Quaresma

342-354

Design Strategy and Case Study of Distributed System Resilience in Chinese Context

Nan Xia

355-363

Strategies of design for social innovation and design activism in the promotion of positive social capital during the COVID-19 pandemic in Brazil.

Gheysa Caroline Prado, Felipe Dalla Pria Leme, Letícia Zem Messias, Nathan Samuel da Costa
Miranda, Rafaella de Bona Gonçalves

364-373

Design for Resilience: Mapping the needs of Brazilian communities to tackle COVID-19 challenges

Mariana Fonseca Braga, Eduardo Romeiro Filho, Rosângela Míriam L.O. Mendonça, Lorena Gomes
Ribeiro de Oliveira, Haddon Galvão Guimarães Pereira 374-386

— Specific design responses to the on-going crisis —

Field hospitals to face COVID-19: Requirements and lessons learned in the design and construction of the Lagoa Barra Hospital - Brazil

Alexandre Passos Ribeiro, Kemmylle Sanny de Matos Ferreira, Christine Kowal Chinelli, Carlos
Alberto Pereira Soares 387-400

Portable Epidemiological Isolation Unit. Ephemeral Architecture for Covid-19 Emergency

Carlos Alberto Nader Manrique, Alex Leandro Perez Perez, Camilo Andres Cifuentes Quin, Helmut
Geofre Ramos Calonge 401-417

LHF Connect: a DIY telepresence robot against COVID-19

Maria Rosanna Fossati, Manuel Giuseppe Catalano, Marina Carbone, Gianluca Lentini, Danilo
Caporale, Giorgio Grioli, Mattia Poggiani, Michele Maimeri, Manuel Barbarossa, Cristiano Petrocelli, 418-431

Paola Vivani, Claudia Calderini, Laura Carrozzi, Mauro Ferrari, Antonio Bicchi

Individual protection mask with improved filtering properties: 3D printed solution guided by design materials selection

Andreia Salvan Pagnan, Caroline Salvan Pagnan, Eliane Ayres, Marco Aurélio Silva Fernandes

432-445

A Distributed Product-Service System for Mask Provision during COVID-19: an Action Design Research Study in Brazil

Aguinaldo dos Santos, Emanuela Lima Silveira, Gabriela Garcez Duarte

446-459

Towards strategic design: the experience of two Colombian MSMEs

Vanessa Segura-Duque, Gabriel García-Acosta, Lina Peñuela-Delgado, Karen Lange-Morales

460-473

Tri-Design: Coordination between Healthcare, Design, and Regulatory Communities

Claudia B Rebola, Ryan Norton, Steve Doehler, Ashley Kubley

474-487

Confronting COVID-19 - The case of PPE and Medical Devices production using Digital Fabrication at PUC-Rio

Jorge Roberto Lopes dos Santos, João Victor Correia de Melo, Leonardo Frajhof, Aline Reis Kauffmann

488-501

Co-Design of Do-It-Yourself Face Shield in Japan Under COVID-19 Pandemic

Kazutoshi Tsuda, Mariko Sakuragi

502-510

**Open Design and 3D Printing of Face Shields: The Case Study of a UK-China Initiative**

Simeng Li, Liang Hao, Qiaoyu Chen, Lu Zhang, Ping Gong, Zhaohui Huang, Dongchen Huang, Ping Nie, Hua Dong

511-524

**Makers against Covid-19: Face shields as the international solidarity KPI**

César García Sáez, David Cuartielles

525-537

**Design in emergency scenario: project of a hand sanitizer dispenser in public transport using Design Sprint method**

Mariana Piccoli, Leonardo Barili Brandi, Vinícius Kruger da Costa, Eric Vellar Gomes, Juliana da Costa Bório, Camila Brodt, Vitória Ritter, Tamires Ramos Aldrighi

538-551

**Interactive Voice Response systems for informing citizens about the COVID-19 pandemic: A study on Brazil's Disque Saúde**

Isabela Motta, Jorge Lopes, Manuela Quaresma

552-563

Challenges of online education

Towards a "better normal": educational experiences in Design in Latin America during the COVID-19 pandemic

Rejane Spitz, Jose Rafael González Díaz, Sebero Ugarte Calleja, Amparo Álvarez Meythaler, Xavier Barriga Abril, Julio Membreño Idiáquez 564-576

Design, education, and the online tech-pandemic

Nuno Bernardo, Emilia Duarte 577-585

Psychological, emotional and experiential aspects

Looking through the window: emotional experiences of Instagram users in isolation

Beatriz de Paulo, Vera Damazio, Manuela Quaresma 586-598

Mexico City's Quarantine Narratives and Underlying Values for Future Urban and Domestic Design

Marcela Delgado, Vanessa Sattele 599-613

HETEROTOPIA WORK. Correlation between the domestic built environment and home offices during COVID-19 confinement

Maria Jose Araya Leon, Ainoa Abella, Ricardo Guasch, Alberto T. Estévez, Javier Peña

614-631

Design as a positive stimulus in a Brazilian hospital environment

Ana von Frankenberg Berger, Andrea Capra, Aline de Rocco, Manuela Oliveira

632-645

Reacting to the Emergency by Opening Perspectives. Design-driven knit therapy as a adaptable tool to answer the change

Martina Motta, Giovanni Maria Conti, Martina Micheli

646-657

Reflections on the design processes

“OPER.TEN” Transform Emergency Now! - facing Covid-19 with Open Innovation and Human Centered Design

Giuseppe Mincolessi, Nicolò Cocchi, Clio Dosi, Matteo Vignoli

658-668

Designing with communities of place: the experience of a DESIS Lab during COVID-19 and beyond

Carla Cipolla

669-684

Design amid Emergency

Karine de Mello Freire, Carlo Franzato, Bruna do Nascimento Remus

685-697

The impact of sharing platforms on collaborative design development during emergencies: the case of COVID-19

Rodrigo Argenton Freire, Evandro Ziggiatti Monteiro

698-710

Design for Emergency: An Open Platform to Design and Implement User-Centered Solutions in the COVID-19 Pandemic

Sara Colombo, Paolo Ciuccarelli

711-724
